

Application:

Sugar

Collector Model:

SPJ-18-X4B8

Air Volume:

2000 ACFM

Air-to-Cloth Ratio:

11.75 to 1

Contact Scientific Dust Collectors for more information. Ask for Application Number 269904.

Application Notes:

American Licorice Company is a candy maker producing popular brands like RedVines and Sour Punch confections. They use a Scientific Dust Collector to control sugar dust during production. The interior of the collector has an epoxy finish to resist corrosion. The collected material is disposed of through a slide gate and deposited into a fifty-five gallon drum.
