

Application:

Spice Dust

Collector Model:

SPJ- 108-X4T8

Air Volume:

14,000 ACFM

Air-to-Cloth Ratio:

13.7 to 1

Contact Scientific Dust Collectors for more information. Ask for Application Number 140303.

Application Notes:

T. J. Harkins In Illinois processes cinnamon and assorted spices as well as sesame seeds and other related products for such large companies as McDonalds. The fine spices and seed processing dust was causing their plant to accumulate dust in their warehousing area. They installed a Scientific Dust Collector to properly filter the air in their mixing department. Their warehouse, as well as the entire plant, is now clean.
